

LENCO SPORTS OFFICE WAREHOUSE

This is a design and build office / warehouse development for Lenco Sports.

Canam assisted with site selection and completed all aspects of design and construction for Lenco Sports.

The building includes workrooms, storage areas, offices, a lunchroom and other amenities. It is a structural steel frame building with precast perimeter panels. The front is clad with glass and decorative panels.

The project was completed ahead of time, within the client's budget and to a high level of workmanship.
