

Quality
without
compromise.

Our experienced creative team deliver outstanding interior solutions for our clients

For many years our team has been translating designers and architects' concepts into reality, with a commitment to quality at every stage of the process. Our experienced creative team deliver outstanding interior solutions for our clients, including involvement in many award winning projects.

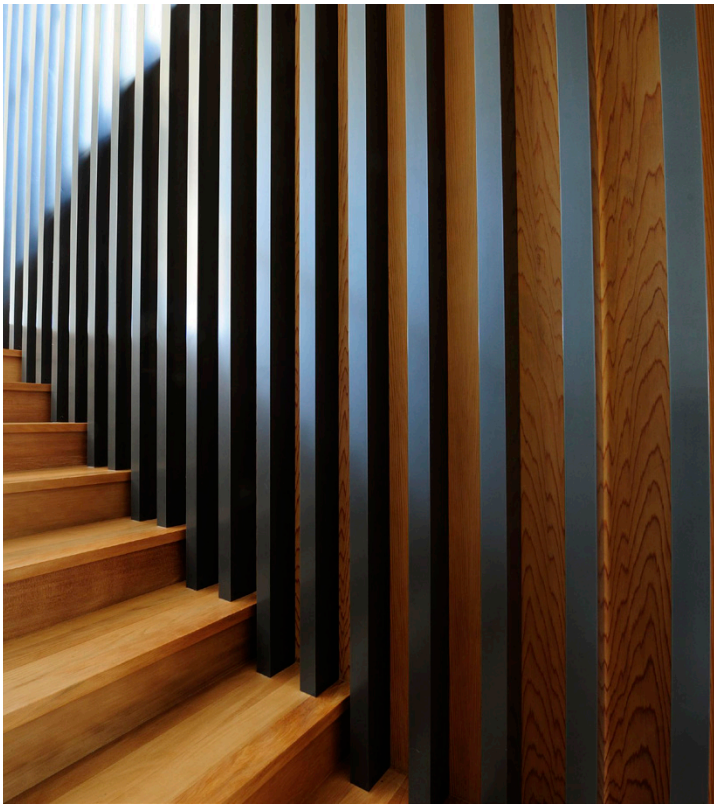

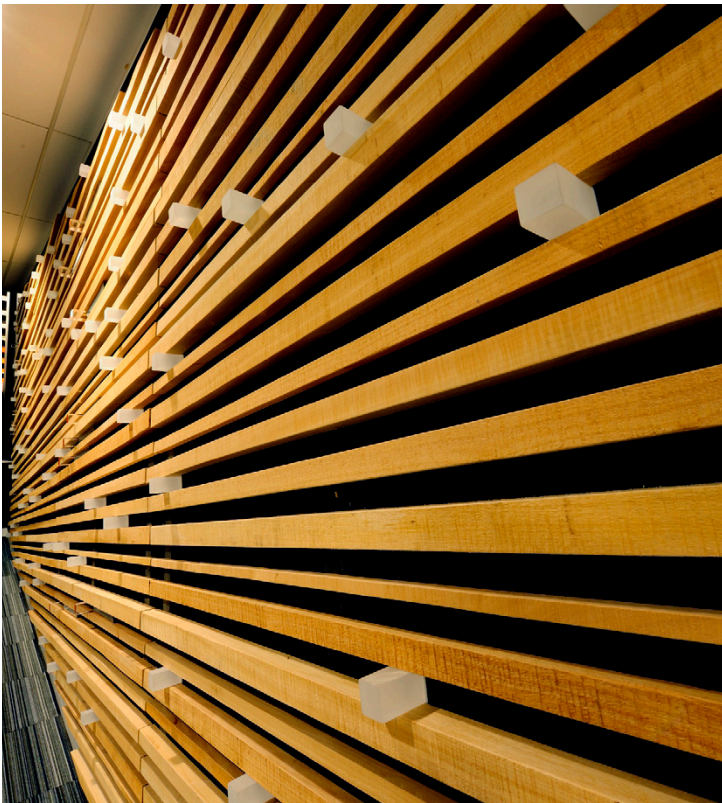

We have expertise across a wide range of industry sectors including health, hospitality, heritage, education, retail, banking, corporate and social and high end residential.

We have been involved in many flagship projects with a proven track record for reliability and professionalism. Our clients trust that their project will be delivered and installed on time, on budget.

Canam since 1955.

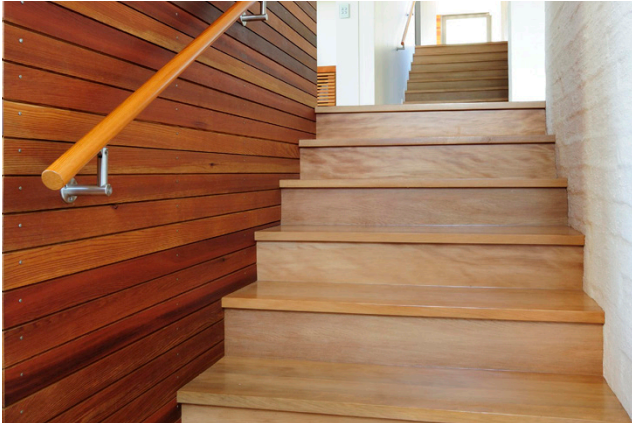

Highest level of craftsmanship

Whatever the material or construction method required, our team can manufacture and install it to the highest level of craftsmanship. From a clean contemporary feel to a classic traditional timber finish, we have the skills to deliver flawless joinery.

We work alongside designers, architects and end user clients to ensure their creative concept is brought to life. Our team have pride in their work and our attention to detail enables us to provide a premium service with exceptional quality.

Quality without compromise.

Integrating sustainable development

We are committed to making significant, long term contributions to the environmental, social and economic fabric of the communities in which we work.

For us, the term 'Sustainability' describes how we manage the ecological, social, and economic responsibilities in the daily management of our business and the developments we help build.

We believe that integrating sustainable development principles into our core business strategy helps us to create and add value to the business. It enables us to acquire appropriate contracts and operate efficiently, offering a sustainable service to our clients.

Committed to make continuous, measurable improvements.

Orion Health now has offices
in 17 cities across 12 countries,
with plans to open more in
the coming financial year.

ORION
HEALTH™

We have worked on both heritage buildings, and some of the most forward-thinking designs.

Whatever the material or construction method required our team can manufacture it to the highest level of craftsmanship. At Canam Joinery we stay updated on all the newest trends happening internationally and can work alongside designers who want to execute the most creative concepts.

This might include engaging specialists, cultural advisors, even traditional artists. Whatever it takes to stay true to your vision. It's what sets us apart in the industry.

You dream it. We build it.
